

Facilitate implementation of Temporary Basic Income through Low Value Grant

SAMBODHAN PROJECT

Semi-Annual Report

Nov '22 to May 23'

Presented By

Youth for Good Governance Promoting (YGGP)

Birendranagar, Surkhet

2. Project Objective

The objective of this SAMBODHAN Project is to improve financial resilience and livelihood of the local marginalized communities and the objectives are mentioned as below.

- Facilitate to open new bank accounts and KYC update of the beneficiaries in Sambriddhi Bachat Khata at Rastriya Baniya Bank Limited.
- Monitor and follow up with each beneficiary to ensure they have received support as basic income to their bank accounts as per the list provided by the UNDP-SAMBODHAN
- Coordinate and facilitate their basic income to link with sustainable livelihood opportunities to other institution
- Facilitate the eligible dependents and family members of beneficiaries to enroll in social protection system and health insurance scheme.
- Regular Coordination and networking among the Palika level key stakeholders and Palika authorities.

4. Project activities

4.1 HHs visit and coaching on business plan

YGGP field staffs visited of the beneficiaries HHs for the updating of their business and health status. In this period, 4 beneficiaries died due to the natural death, 1 beneficiary got marriage and 1 beneficiary went India for the health check up and employment and rest of the 469 beneficiaries are staying at home

1.2 KYC update and beneficiaries condition

1.3 coordination with the Local Government

1.4 Plantation trees on the occasion of World environment day 5th June 2023

1.5 staff selection after resignation of field staffs

1.6 Facilitate to open Bank Account and KYC update

Objective:

- Ensure safety of fund and proper utilization of their own decision
- Reach the banking facilities to the poor people
- Linkage to the Bank and other supporting agencies for their better livelihood
- To get authenticity and minimize the possible financial risk.

Context: We came to contact with RB Bank staffs for the coordination along with ward chairperson and Mayor of Panchapuri Municipality regarding the bank account opening of beneficiaries. We continue discussed with the stakeholder about the opening bank account and sort out the issues and challenges during that period. As per the suggestion, we would be able to open bank account and KYC update of 476 beneficiaries in the Sambridi Bachat Khata in Rastriya Baniya Bank, Panchapuri-Surkhet from the ward I to II. Our target was to cover 500 beneficiaries during this period which could not possible due to selected beneficiaries travelled to India and out of District for the seasonal work to survive and daily livelihood being a vulnerable people then they moved another place for the seeking labor work or short

term employment. Bank staffs provided the full cooperation which would be able to completion the task in time.

4.2 Final update of KYC and data verification with RB Bank.

YGGP field staffs one to one visited of the beneficiaries HHs and received final information from the field which was little bit difference of the previous report. Then after, we consulted to the RB Bank staffs in order to finalize the 2nd installment to the actual beneficiaries. We came to conclusion on the final number of beneficiaries after verification in this way. As per the field report and Bank information that there are updating a total of 475 Beneficiaries out of them, 4 beneficiaries are died, 1 beneficiaries got marriage and 1 beneficiary went to India and 25 beneficiaries are not in contact till this reporting period and recommended a total 469 beneficiaries for the support of 2nd installment.

Particulars	Number	Remarks
Total Beneficiaries	500	As per the MU merit list
KYC updated beneficiaries out of 500	475	
Beneficiaries not in contact	25	
Death out of 475 KYC updated beneficiaries	4	
Got marriage out of 475	1	
Travelled India out of 475	1	
Needed support for 2 nd installment	469	

4.2 Business plan of the Beneficiaries

The below table present the actual data and types of business of the beneficiaries those who received cash support as the 1st Instalment from UNDP. During the HHs visit, the beneficiaries told to continue with promotion the same business, if available the additional support from anywhere.

Type of Business	Number
Goat rearing	395
Poultry farming	18
Kitchen gardening/vegetable farming	21
Retail shop	5
Pig raising	4
Investment in Education	3
Health care and treatment expenses	21
Sewing /Tailoring	1
Cow purchasing	1
Total	469

4.3 Follow up Social Protection allowance and Health Insurance

We regularly monitored to the beneficiaries of their HHs level regarding the use of fund, social protection allowance and their health insurance. There are not affiliated the beneficiaries in health insurance system, which we need to coordinate in the local government and other organization in order to bring the main streaming of the health insurance system.

Sn	Particulars	Female
----	-------------	--------

1	Total beneficiaries who receive the Social protection allowance	409
2	Not eligible beneficiaries of social protection allowance	60
3	Non affiliated Health Insurance and need to link to appropriate place	469

4.4 Coordination and networking for sustainable livelihood opportunity

Our present support to the vulnerable people is not adequate for the sustainable livelihood which needs to seek and link livelihood related service provider at the local level in order to improve the status and condition of the poor people. A well coordination and networking is to achieve the good impact of beneficiaries on livelihood sector and our role is to facilitate and seek the opportunity who can contribute what for the vulneranle people. Therefore, we have collected the list in order to make the sound coordination and networking. We have collected the list through mapping of livelihood opportunity from the local Govt and Palika level key stakeholders. The detail list is mentioned below for the information.

Mapping of livelihood, income generation, grant opportunities for project beneficiaries in Panchapuri municipality in Surkhet district in Karnali Province					
S. N	Name of organisation offering support packages	Type of Organisation	Type of support	Budget (NPR)	Implementing focus area

25	Panchapuri Municipality-11	Sundar Nepal Org	Irrigation material	1,500,000	Ward No-7
26	Panchapuri Municipality-11	Aawaj Organization	Financial Support	250,000	Ward no-9

4.5 Coordination Cost RBBL, Private Sectors and other stakeholders

6. Learning

- While working with poor of the poorest people, no one complain and blaim against the selected beneficiaries.
- Program runs effectively by coordinating before the program implementing in the field
- Early Coordination with RB Bank made easier to work together and achieve result as per plan
- Livelihood and income generation mapping survey would be helpful to link the beneficiaries with other supporting agencies for their further livelihood.
- It is really proud feel to work and support to the marginal and poor of the poorest.
- When we provide the opportunity with responsibility they decide the best thing for their own i.e they choose the income generation plan or business as per their own capacity, skill and knowledge.

7. Challenge and Problem faced

- Due to geographical difficulty, it was very difficult to reach everyone for counseling as per the given time

- Due to the lack of information and communication means along with geographical difficulties, it would be difficult to inform everyone on the said time.
- Some difficult faced during KYC update effectively of beneficiaries due to low level of understanding and lack of adequate supporting document.
- Few of them listed beneficiaries are out of home town location or seasonal migrated for the short term employment and treatment.
- Beneficiaries themselves have not adequate personal information
- Some people and ward chairperson are raising the voice about the vulnerable mapping should cover whole the palika and HHs then helps the research work effectively.

8. Opportunity

- Available research based vulnerable mapping compiled list of beneficiaries would be helpful to work and coordinate with them
- A good system and structure of the local Government along with positive response would be helpful for the coordination and collaboration.
- Local Government is being itself positive towards the project and they are providing support in coordination and communication.
- There are 2 RB Bank within the Municipality and they are providing support equally for the beneficiaries as per our request.

9. Conclusion

Despite the scatter settlement of the beneficiaries all the planned activities have been able to be conducted. We would be able to manage, facilitate and door to door visit for counseling to the beneficiaries HHs is continue. A proper guidance, regular advice and suggestions from the UNDP Office, senior staffs and board member of YGGP is being helped to make more empower and competent in order to implement thf project activities in the right track as well as the active participation of the community and the support of municipal level is appreciable and we would be able to find the positive response from all sector within panchapuri municipality.
